Installation Instructions: Screwless Surface mount Frame

Codes: 30025/6/7/9

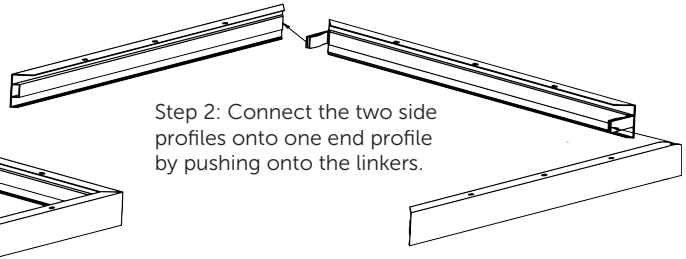

Read these instructions before installation and retain for future reference
This equipment should be installed by a competent electrician

1. Prepare all the accessories (Aluminium profiles, linker, screws, drill)
2. Start Installation

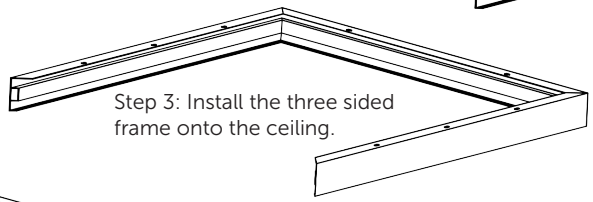

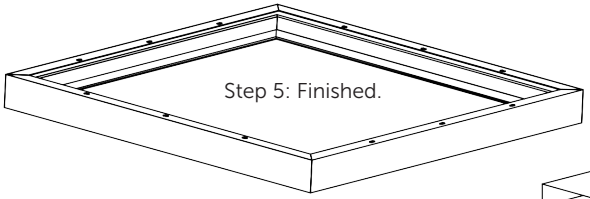

Step 1: Fix the 4 linkers into the two end profiles as shown above.

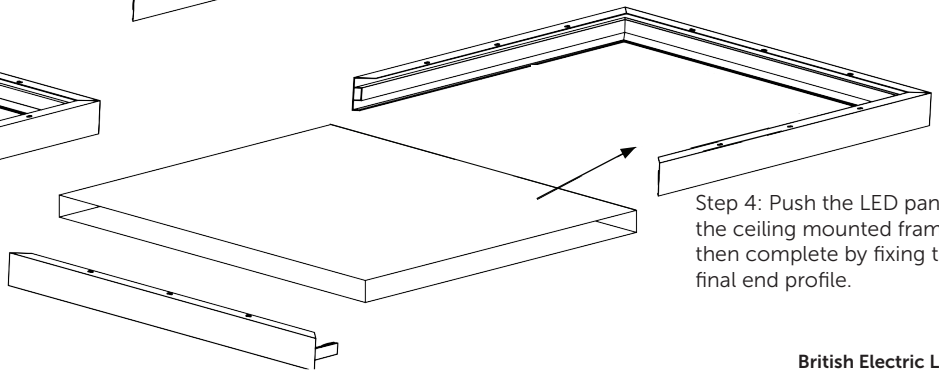

Step 2: Connect the two side profiles onto one end profile by pushing onto the linkers.

Step 3: Install the three sided frame onto the ceiling.

Step 5: Finished.

Step 4: Push the LED panel into the ceiling mounted frame and then complete by fixing the final end profile.

Important Information

We recommend that luminaires are installed by a qualified electrician ensuring the installation complies with current IEE wiring regulations & local building control.

- BELL Lighting will not accept responsibility for any claims arising from poor installation.
- Mount to a stable, smooth, secure surface that is rated for the weight of the luminaire.
- Always switch off mains supply before installing.
- Not suitable for ATEX hazardous zones (explosive atmospheres).
- Not suitable for petrochemical installations.
- Not intended for use by children.

This product may contain substances that can be hazardous to the environment if not disposed of properly. Electrical and electronic equipment should never be disposed of with general household waste but must be separated for its correct treatment and recovery. Where possible recycle your packaging.
