INSTALLATION INSTRUCTIONS

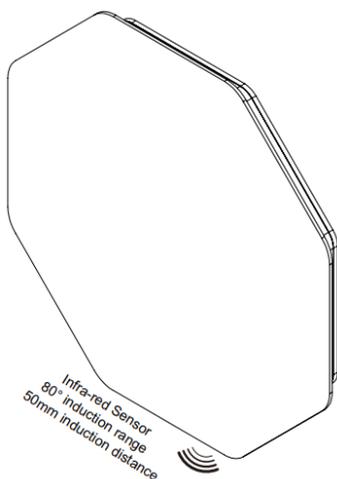

IR Sensor On/Off Switch

Turn the Led Light ON/OFF To turn on or off, wave hand under the sensor switch located at the bottom of the mirror marked by the hand sensor sticker. The Heated Pad is only on when the Mirror is illuminated.

Change the Colour of Led Light This mirror comes with colour changing led strips (cool white to warm white). Turn the lights off, and then hold hand in front of the sensor switch until desired colour is obtained. The colour temperature is then set until changed again.

Change the Brightness of Led Light This mirror comes with brightness changing led strips. Turn the lights on, and then hold hand in front of the sensor switch until desired brightness is obtained. The brightness is then set until changed again.

CARE IN USE
