SPEC SHEET - H55706Z00UK

Zip HydroTap Classic Plus

FILTERED: BOILING

The world's most advanced drinking water system, the HydroTap Classic Plus delivers instant filtered boiling water for workplaces of all sizes. From a single tap and under counter command centre, the Classic Plus dispenses only the purest tasting water, filtered to a market-leading 0.2 micron - 25 times more effective than a standard water filter jug. To prioritise user safety, the HydroTap doesn't splash or spit when dispensing water, and features two boiling water safety modes and a cool to touch tap. What's more, the HydroTap features superior technology to conserve water while saving energy and time.

Actual product may vary slightly depending on functionality.

Features and benefits

Advanced filtration

Maintains existing protective levels of chlorine whilst removing sediment and cysts. This level of filtration includes the removal of dirt, lead, microplastics & 99.9% of microbiological cysts.

Environmentally conscious operation

The HydroTap boasts a range of eco-friendly functionalities, including water conserving air cooling technology, the use of zero-impact refrigerant gas R290 and energy saving sleep modes.

Unique user-safety options

The Zip HydroTap is designed with safety in mind, with boiling isolation, cool touch tap and safety lock features. The boiling point is factory set to 98 degrees celsius, to avoid spluttering steam.

Enhanced hygiene

The 5th generation HydroTap command centre has SteriTouch® embedded throughout the water path. This reduces surface bacteria by 99.99% providing extra protection.

Product detail

Specification type

Product code	H55706Z00UK
Product name	HydroTap G5 Classic Plus boiling 160 bright chrome for work

Capacity, weights & dimensions

Water functions	Boiling
Boiling capacity	160 Cups per hour
Unit dimension (W x D x H)	280mm x 313mm x 333mm
Product weight - empty / full	11kg / 14kg

Plumbing

Wholesome water inlet supply required	Cold Feed
Supply pressure range	1.7bar - 5bar
Supply connection (hot & cold)	1 x isolated 1/2"BSP BSP fitting (flexible supply hoses included)
Installation	Must comply with current water supply regulations

The minimum water pressure will vary if a limescale filter is installed. Please contact us to discuss your requirements.

Electrical

Command centre power rating	1.9 kW @ 230V AC
Voltage supply	13 amps
Power supply requirements	1 x 13amp socket outlet
Cable length	1.8m fitted with UK standard 3-pin plug
Installation	Must comply with current IEE regulations

Tap design

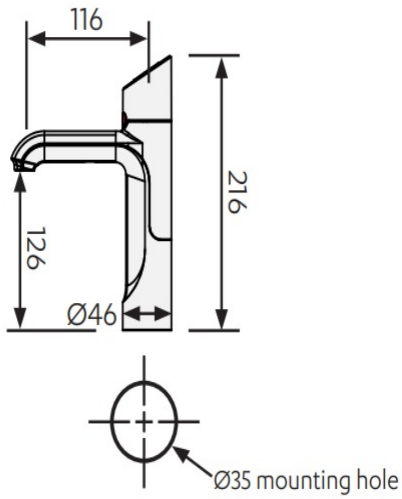

Style	HydroTap Classic Plus
Finish	Bright Chrome
Installation hole cut size	35mm
Rotation	Fixed
Disability options	No
Country of Origin	Australia

Command centre

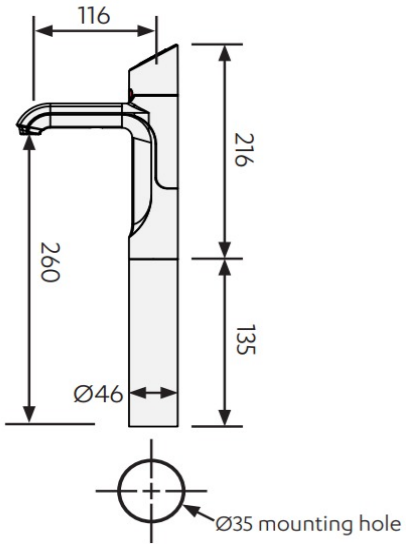

Factory temperature boiling	98°C
Filtration	0.2 Micron Filter Cartridge
Flow rate (Boiling)	4 l/min
Wholesome water supply requirements	Cold Feed
Tank material	Stainless Steel
Country of origin	Australia

Tap installation
