Eros Fire Rated Tilt Downlight

Warning

1. Installation only to be carried out by qualified electrician
2. Please ensure surface is suitable and capable of holding the luminaire and driver weight
3. Pre-cut the hole before installation, (see overleaf for hole diameter) (Figure 2)
4. Do not operate if product is damaged
5. IP65 rated front, suitable for bathroom zones 1, 2 and outside zones
6. This product is suitable for fire rated installations.

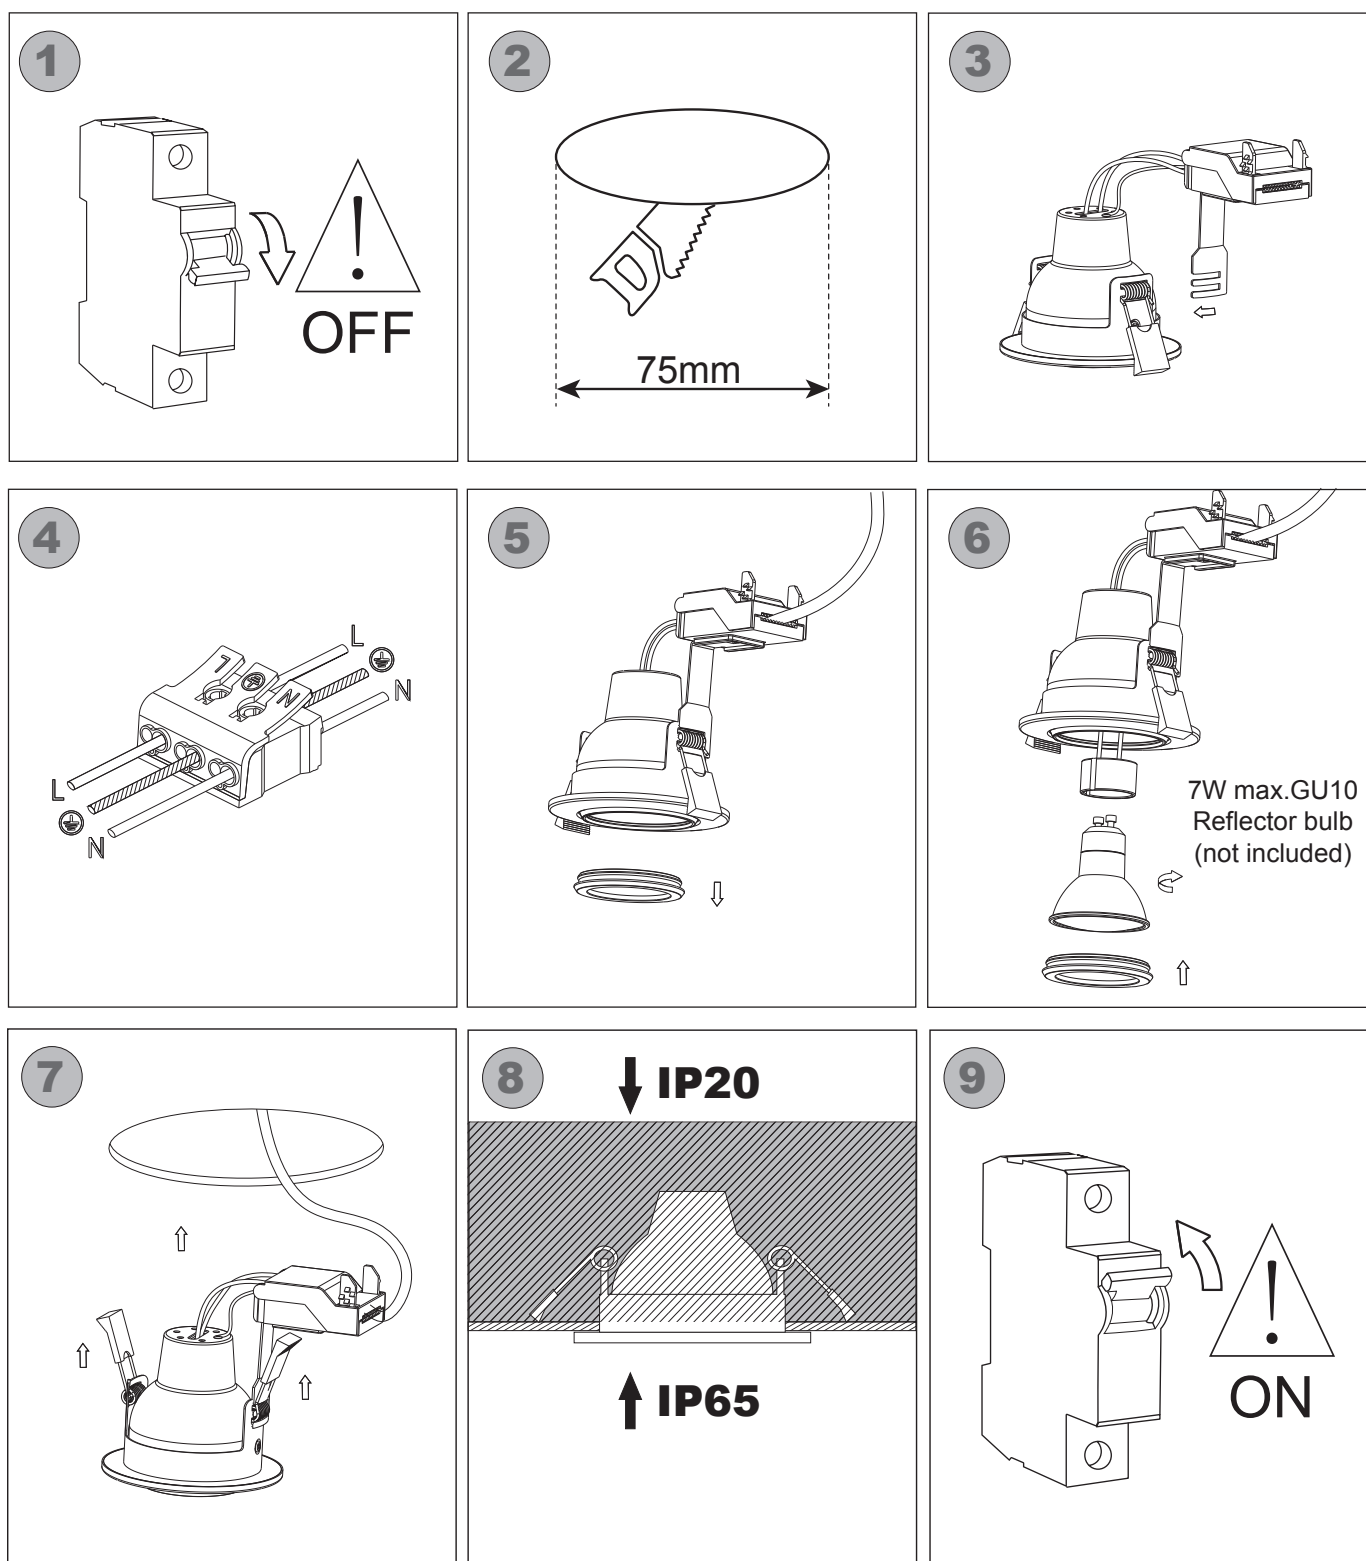

Important!

During installation ensure that any rubber seals, gaskets and grommets are intact and correctly in position.

Installation

1. This product must be installed by a qualified electrician in accordance with instructions provided and in compliance with recognised electrical and safety regulations relevant to the country it is being installed.
2. The product is designed to operate on 220-240volts 50Hz.
3. This downlighter range is designed to be installed in a ceiling with a minimum 3mm thickness.
4. This product is for Indoor use only.
5. Minimum Clearance is 70mm above the installed fitting, and no product should be installed within 50mm of any joist.
6. Ensure the AC/mains power is not connected and cannot be reconnected during installation.
7. For new installations use cutting tools suitable for the material and carefully cut the required hole to allow installation.(Figure 2)
8. For refurbishment installations ensure that the existing hole is suitable and strong enough to hold the new downlight. Support the surrounding area if required.
9. Connect the AC/mains cable to the downlight using the marked push fit terminals provided. Incoming Cable connections are: L=Live terminal (brown), ⊕= Earth terminal (Green/Yellow), N= Neutral terminal (blue)
10. Once correctly connected, position the downlighter fully into the aperture so that the outer flange is flush with the installed ceiling material. The spring arms will hold the downlight in position.
11. The bezel can be tilted into the desired position.

This product should be disposed of responsibly at the end of its life. Please recycle where facilities exist. Check with your Local Authority or retailer for recycling advice (Waste Electrical and Electronic Equipment Directive)

Helpline

If you receive this item with parts broken or missing, please telephone: 0333 0050077

Please have ready your name, address, tel. no., product reference, where purchased and parts required.

An answering service is in operation outside office hours and during busy periods.

We regret that we are unable to give advice on internal house wiring.
