

PRODUCT DATA SHEET

EVERBUILD® Sugar Soap Powder

HIGH QUALITY CLEANER FOR PAINTED SURFACES

PRODUCT DESCRIPTION

EVERBUILD® Sugar Soap Powder is a silicate free powder, which when diluted with water, effectively removes grease, grime and nicotine from painted surfaces to ensure improved adhesion and give a better final finish. Sugar soap powder can also be used as a general household cleaner.

USES

- For cleaning grease, grime and nicotine from painted surfaces to ensure improved adhesion and give a better final finish
- As a general household cleaner

PRODUCT INFORMATION

Packaging	430gm box
Shelf Life	3 years in original unopened containers in correct storage conditions
Storage Conditions	Store in cool dry conditions away from direct sunlight between 5 and 20°C. Store in original containers and keep out of reach of children. Dispose of product and packaging correctly.

APPLICATION INSTRUCTIONS

For preparation prior to painting:

Make up sugar soap solution by adding 100g (~½ cup-ful) of powder to 2 litres (4 pints) of hot water. Stir well before use. Wipe over painted surfaces from bottom to top to avoid run lines. Rinse thoroughly and allow to dry.

For general cleaning:

Dilute 50g (~2 tablespoons) of powder to 2 litres (4 pints) of hot water. Wipe over surfaces using a cloth or a sponge. Rinse thoroughly with water and allow to dry.

For ceramic tiles, vinyl floors and paintwork as above but rinsing not required.

CHARACTERISTICS / ADVANTAGES

- Powerful concentrated formula - dilute with water.
- Works on most types of painted surfaces.
- Can be used as a general household surface cleaner.
- The fast and easy way to a better paint finish.

For washing basins, sinks and baths pour sugar soap directly onto a damp cloth and wipe over surface. Rinse surface with water and allow to dry.

LIMITATIONS

- Always mix with clean fresh water.
- Use only as directed.
- Protect polished surfaces, carpets and upholstery prior to use. To avoid staining mop up spills immediately.
- It is users responsibility to determine suitability for use. If in doubt please contact technical services for advice.

VALUE BASE

All technical data stated in this Data Sheet are based on laboratory tests. Actual measured data may vary due to circumstances beyond our control.

LOCAL RESTRICTIONS

Note that as a result of specific local regulations the declared data and recommended uses for this product may vary from country to country. Consult the local Product Data Sheet for exact product data and uses.

ECOLOGY, HEALTH AND SAFETY

User must read the most recent corresponding Safety Data Sheets (SDS) before using any products. The SDS provides information and advice on the safe handling, storage and disposal of chemical products and contains physical, ecological, toxicological and other safety-related data.

LEGAL NOTES

The information, and, in particular, the recommendations relating to the application and end-use of Sika products, are given in good faith based on Sika's current knowledge and experience of the products when properly stored, handled and applied under normal conditions in accordance with Sika's recommendations. In practice, the differences in materials, substrates and actual site conditions are such that no warranty in respect of merchantability or of fitness for a particular purpose, nor any liability arising out of any legal relationship whatsoever, can be inferred either from this information, or from any written recommendations, or from any other advice offered. The user of the product must test the product's suitability for the intended application and purpose. Sika reserves the right to change the properties of its products. The proprietary rights of third parties must be observed. All orders are accepted subject to our current terms of sale and delivery. Users must always refer to the most recent issue of the local Product Data Sheet for the product concerned, copies of which will be supplied on request.
